Re: Surface Management Site Inspections and Notice Closure; Eldon Virgil; Circle Rock Quarry UTU-71038 (S/037/100); and, Circle Rock #1 Quarry UTU-71001 (S/037/101); San Juan County, Utah.

Dear Mr. Virgil:

On February 28, 2003, we received a letter from you requesting that the subject Notices be inspected so they could be released. We have inspected the two sites as requested. No surface disturbance has occurred at the Circle Rock Quarry (Notice UTU-71038) since the date of filing so there is no requirement for reclamation at this site. Reclamation recently done at the Circle Rock #1 Quarry (Notice UTU-71001) is accepted as meeting your obligations under the Notice. Therefore, I hereby release you from any further reclamation obligations associated with these two Notices. The two case files will be closed.

If you have questions, please call Ted McDougall at (435) 587-1512.

Sincerely,

Patrick Madigan
Field Manager
